The Red Cross Seals

The Little Stickers Help in the Great Fight Against Tuberculosis

TO STAMP OUT CONSUMPTION

The Herald is pleased to second the efforts of the Alliance Woman's Club in selling Red Cross Christmas seals. This is done to assist in the noble efforts that have been made in recent years to stamp out consumption. The National Association for the Study and Prevention of Tuberculosis, and others interested in this great work, have done splendidly in educating the public as to the prevention and cure of this dreadful disease, and in assisting the victims of it who needed assistance. The American Red Cross Society have been helping financially the last few years by issuing Red Cross Christmas seals. These seals are used in stamping Christmas packages sent by mail or express, putting them on the backs of envelopes and on letters. They have no value as postage stamps or in payment of any transportation charges, but they make a pretty ornament for packages, and silently call attention to the great work that is being done for the benefit of humanity.

These stamps can be placed anywhere that the purchasers wish to place them, except on the front of envelopes sent by mail. This should not be done. The post office department has ruled that if these stickers are placed on letters they must be put on the back of same. We suppose this is done to avoid confusing them with the postage stamps which are placed on the front side.

These seals are sold at a penny apiece, the proceeds to go for the purpose above mentioned. Persons purchasing them practically donate the amount of their purchase but they have the pleasure of using the seals, which is a particularly appropriate thing to do as the Holiday season approaches.

These seals can be purchased in Alliance at The Herald office, Stucky Company millinery store, Public Library, Horace Bogue store and anywhere else where posters appear in the windows.

The "BETSY" Vacuum Sweeper and Cleaner should be in every home in Alliance and vicinity.

"Cleaning Done by Magic"

That is how a busy and clever housewife described the use of the wonderful vacuum cleaner. Long ago the patent carpet sweeper displaced the broom. Now comes the vacuum cleaner, chasing out the carpet sweeper. This wonderful new contrivance simply absorbs the dust. You pass it rapidly over the walls or floor and where there was once dust you find a beautiful clean trail. It is magical in its action.
